9. Data Collection and Analysis

The University of Tennessee utilizes two systems to record student and employee data. For student data, each campus has a separate account with the Banner Student System. The information that follows regarding student enrollment by race and minority representation and number of degrees awarded by race and minority representation is produced using each campus' Banner system.

SAP software is used for all human resources/payroll activities and reports. The information that follows regarding Federal Work Study participation by race/ethnicity and nationality and employees by race/ethnicity and nationality is generated using the University's SAP Enterprise system.

In addition, each federally funded program or activity is evaluated by the grant recipient in conjunction with the requirements of the grant. The evaluation data is reported directly back to the grantor, not to the campus/institute Title VI coordinator.

The student enrollment information below reflects the statistics for the 2015-2016 academic year. In addition to the information below, there were 1,672 Non-Resident Aliens from other countries.

10. Limited English Proficiency (LEP)

The University of Tennessee's procedures and plans utilize several resources to deliver LEP services. Equity and Diversity offices at each campus/institute have information about Avaza Language Services Corporation, a company that offers interpreting services. The Equity and Diversity officers make the Avaza information available to anyone at the University who is involved in the delivery of LEP services. In addition, the Avaza information has been shared with all UT Health Science Center (UTHSC) clinics and county extension offices. This information includes Avaza language cards to which a LEP person can point to identify his or her primary language. Under UTHSC supervision, all clinical supervisors know to contact the UTHSC Equity and Diversity officer if they encounter any LEP issues.

The University's Chattanooga, Knoxville and Martin campuses each have Centers for International Education. These Centers provide many services to the international community, including opportunities for cultural and language exchange between students, faculty, and other members of the university community from around the world. The Centers routinely engage international students and faculty to provide translation services or to facilitate communication with LEP individuals. The Centers are the primary resources by which UT delivers LEP services to the University community. Because of the depth and breadth of the University's ability to provide translation services, arrangements through the Centers occur on an informal, ad hoc basis, and the University has no means of tracking the frequency with which LEP services are provided through the Centers or the native languages that are spoken by the individuals requesting LEP services.

The University's campuses in Knoxville, Chattanooga, and Martin each have academic departments of foreign languages. These departments have faculty members who are fluent in many languages. The faculty members also provide ad hoc LEP services within the University community and are available to the Equity and Diversity offices if needed.

On occasion, a campus Equity and Diversity office will receive a request for LEP services. The chart below outlines the statistics of such requests for the past fiscal year.

The University has translated into Spanish its Title VI brochure. The Knoxville campus has also translated into Spanish its discrimination complaint procedure. When translation of other documents is needed, the University will request that the document be translated into the requested language by either an internal bilingual staff member or by Avaza. Original documents being submitted for translation will be in final, approved form.

The University believes that its delivery of LEP services is thorough and effective. The University's primary points of contact with the general public are its clinics and its extension offices. The University will continue to ensure that it makes those clinics and offices aware of the University's LEP services, including the availability of Avaza's services.

The University's LEP policy and procedures may be found on the following pages.

Limited English Proficiency Compliance

The University of Tennessee seeks to fulfill its responsibility under Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d et seq. to provide meaningful access to programs and activities by persons with Limited English Proficiency (LEP). The University of Tennessee is a complex organization with four campuses, multiple institutes, and many additional services, including an agricultural extension service that provides programming in all 95 counties of the state. As a result, reasonable steps to ensure meaningful access to programs and activities by LEP persons vary wide according to the specific circumstances.

The most basic activities of the University of Tennessee are to provide educational service to its students and to support teaching and research by its faculty. The University evaluates the English language proficiency of its students and teaching faculty and provides various forms of assistance depending upon each fact-dependent circumstance. In some situations, students who need assistance in written English may be placed in special writing classes. In other instances, a student's studies may be delayed while they attend intensive English language programs. Certain offices may offer special training to assist faculty whose first language is not English. The University makes many of its written communications, especially posters concerning the rights of employees under Title VI, available in English and Spanish.

The University delivers services directly to the public primarily through its clinics and agricultural extension offices. Those offices provide, without cost, the following services:

1. IDENTIFYING LEP PERSONS AND THEIR LANGUAGE

The University will promptly identify the language and communication needs of the LEP person. If necessary, staff will use the language identification card provided by Avaza language services to determine the language. In addition, when records are kept of past interactions with individuals or their family members, the language used to communicate with the LEP person will be included as part of the record.

2. OBTAINING A QUALIFIED INTERPRETER

Supervisors over clinics and extension offices across the state have been informed to contact their Title VI coordinator if the need arises for language translation services. They have been supplied with the Avaza language identification card. Moreover, they have been asked to notify their Title VI coordinator, who is responsible for:

- (a) Maintaining an accurate and current list showing the name, language, phone number and hours of availability of bilingual staff;
- (b) If a bilingual staff member is available from the University's foreign language departments, that staff member will be asked to assist in verbal or written communications, depending on the circumstances;
- (c) If a bilingual staff member is not available, the Title VI coordinator will contact Avaza and arrange for language translation services.

Some LEP persons may prefer or request to use a family member or friend as an interpreter. However, family members or friends of the LEP person will not be used as interpreters unless specifically requested by that individual and after the LEP person has understood that an offer of an interpreter at no charge to the person has been made by the department or agency. Such an offer and the response will be documented in the person's file. If the LEP person chooses to use a family member or friend as an interpreter, issues of competency of interpretation, confidentiality, privacy, and conflict of interest will be considered. If the family member or friend is not competent or appropriate for any of these reasons, competent interpreter services will be provided to the LEP person.

Children (e.g. persons under the age of 18) will not be used to interpret, in order to ensure confidentiality of information and accurate communication.

3. PROVIDING WRITTEN TRANSLATIONS

The University makes its Title VI brochure available in Spanish. When translation of other documents is needed, the University will request that the document be translated into the requested language by either an internal bilingual staff member or by Avaza. Original documents being submitted for translation will be in final, approved form.

4. MONITORING LANGUAGE NEEDS AND IMPLEMENTATION

The University continues to assess the need for providing more formal LEP assistance to the general public. In addition, the University will continue to evaluate its procedures for securing outside interpreter services, complaints filed by LEP persons, and feedback from the public and University community.

Individuals who believe they have not been provided meaningful access under Title VI may file a complaint with the campus Title VI officer. Retaliation of any kind against a person who has filed a complaint is prohibited.

YOUR RIGHTS
UNDER TITLE VI
OF THE CIVIL
RIGHTS ACT OF
1964

YOUR RIGHTS UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

"No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance."

WHAT IS TITLE VI?

Title VI of the Civil Rights Act of 1964 is the federal law that protects individuals from discrimination on the basis of their race, color, or national origin in programs that receive federal financial assistance.

WHAT PROGRAMS ARE COVERED BY TITLE VI?

Approximately 30 federal agencies provide federal financial assistance in the form of funds, training, technical, and other assistance to state and local governments, and nonprofit and private organizations. These recipients of federal assistance, in turn, operate programs and deliver benefits and services to individuals (known as "beneficiaries") to achieve the goals of the federal legislation that authorizes the programs.

Federally assisted programs address such broad and diverse areas as

- Elementary, secondary, and higher education
- Health care, social services, and public welfare
- Public transportation
- Parks and recreation
- Natural resources and the environment
- Employment and job training
- Housing and community development
- Law enforcement and the administration of justice
- Agriculture and nutrition

WHAT DISCRIMINATION IS PROHIBITED BY TITLE VI?

There are many forms of illegal discrimination based on race, color, or national origin that can limit the opportunity

of minorities to gain equal access to services and programs. Among other things, in operating a federally assisted program, a recipient cannot do the following, on the basis of race, color, or national origin, either directly or through contractual means:

- Deny programs services, aids, or benefits;
- Provide a different service, aid, or benefit, or provide them in a manner different than they are provided to others; or
- Segregate or separately treat individuals in any matter related to the receipt of any service, aid, or benefit.

HOW CAN I FILE A DISCRIMINATION COMPLAINT?

Each agency that receives or provides federal financial assistance is responsible for investigating complaints of discrimination on the basis of race, color, or national origin in the use of its funds. If you believe that you or others protected by Title VI have been discriminated against, you should file a complaint with the University of Tennessee campus or unit that provides funds for the program where you believe the discrimination occurred.

Each UT campus and unit has a complaint procedure and a Title VI Coordinator responsible for investigating all Title VI complaints. Please contact the Title VI Coordinator (located to the right) as appropriate for your location.

A signed, written complaint should be filed with the University of Tennessee generally within 300 days of the date of the alleged discrimination. A written complaint should include the following:

- Your name, address, telephone number, and signature.
- The name and address of the program or department you believe discriminated against you.
- How, why, and when you believe you were discriminated against, and the names of those involved, if known. Include as much background

information as possible about the alleged acts of discrimination.

- The names of any persons that the coordinator could contact for additional information to support or clarify your allegations.

WHAT WILL THE UNIVERSITY OF TENNESSEE DO WITH MY COMPLAINT?

Once a complaint is filed, it will be reviewed by the Title VI Coordinator to determine if the issues you have raised are valid under Title VI. The procedures of each campus/unit may differ slightly, but the Title VI Coordinator generally will investigate your allegations and attempt to resolve any violations found.

WHAT IF THE RECIPIENT RETALIATES AGAINST ME FOR ASSERTING MY RIGHTS OR FILING A COMPLAINT?

You should be aware that a recipient, including the University of Tennessee, is prohibited from retaliating against you or any person because he or she opposed an unlawful policy or practice, or made charges, testified, or participated in any complaint action under Title VI. If you believe that you have been retaliated against, you should immediately contact your campus/unit Title VI

SUS DERECHOS BAJO EL TÍTULO VI DE LA LEY DE DERECHOS CIVILES DE 1964

“Ninguna persona que se encuentre en los Estados Unidos deberá ser excluida de ningún programa o actividad apoyada por fondos federales debido a su raza, color o nacionalidad. No se le negará su participación en dichos programas o actividades, ni los beneficios correspondientes por participar en ellos, tampoco se le discriminará.”

¿QUÉ ES EL TÍTULO SEXTO?

El Título Sexto de los Derechos Civiles de 1964 es una ley federal que ampara al individuo contra la discriminación basada en raza, color o nacionalidad en programas que reciban ayuda federal financiera.

¿QUÉ PROGRAMAS ABARCA EL TÍTULO SEXTO?

Aproximadamente, 30 agencias federales proveen de ayuda financiera federal, en forma de fondos, entrenamiento técnico y otros tipos de asistencia a gobiernos estatales y locales, así como organismos no-lucrativos y privados. Estos recipientes de ayuda federal, a su vez, mantienen programas y proveen beneficios y servicios a los individuos (conocidos como “beneficiarios”) a fin de llevar a cabo y alcanzar las metas propuestas por la ley federal.

Los programas que se benefician de asistencia federal abarcan un amplio y diverso campo, por ejemplo:

- educación elemental, secundaria y universitaria
- salud, servicios sociales y de bienestar público
- transporte público
- parques y recreación
- recursos naturales y medio ambiente
- empleo y capacitación para empleos
- vivienda y desarrollo de la comunidad
- aplicación de la ley y administración de justicia
- agricultura y nutrición

¿QUÉ FORMAS DE DISCRIMINACIÓN PROHIBE EL TÍTULO SEXTO?

Existen diferentes formas de discriminación basadas en criterios de raza, color u origen nacional que pueden limitar

las oportunidades para que los grupos minoritarios tengan igualdad de derechos y acceso a servicios y programas.

Un recipiente de fondos federales no debe, en base a raza, color u origen nacional, directamente o a través de contratos:

- negar servicios, ayuda o beneficios
- ofrecer servicios, ayuda o beneficios distintos a los que se ofrecen a todos los demás
- segregar o tratar separadamente a un grupo de individuos que reciban servicios, asistencia o beneficios.

¿CÓMO SOMETO UNA QUEJA DE DISCRIMINACIÓN?

Las agencias que reciben o proveen fondos federales se encargan de investigar las quejas de discriminación en el uso de sus fondos, basadas en raza, color u origen nacional. Si Ud. o algún conocido ha sido discriminado/a someta una queja en contra de la universidad o facultad responsable.

En cada centro universitario existen procedimientos para la sumisión de quejas, y existe un Coordinador/a del Título Sexto responsable de investigar casos de discriminación.

Contacte al coordinador correspondiente a su ubicación (ver columna izquierda):

Ud. dispone de 300 días, desde la fecha en que fue discriminado/a, para someter su queja por escrito y firmada.

Su queja firmada debería incluir:

- Su nombre, dirección, número de teléfono y su firma.
- El nombre y dirección del programa o facultad que le haya discriminado.
- La razón, manera y hora en que sucedió la discriminación, además del nombre de las personas involucradas, si lo sabe. Incluya toda la información que disponga con respecto a su queja.
- Nombres de personas que le puedan ser útiles al Coordinador a fin de investigar su caso.

If you are an employee, student, applicant for employment, applicant for admission, or are otherwise a participant in a UT Chattanooga program or activity, and you believe you have been discriminated against in violation of the policies outlined above, the process below is designed to help you resolve your complaint.

Where and when to file a complaint

 - If an investigative committee is deemed appropriate, the relevant chancellor/vice chancellor/vice president or the president (in the event that the complaint is made against a chancellor/vice chancellor/vice president) will be asked by the Director of Equity and Diversity to appoint the members of such a committee. The Director of Equity and Diversity may assist the appropriate administrator in appointing committee members.
 - The investigative committee, or the Director of Equity and Diversity if there is no investigative committee, will make findings of fact and will determine whether sufficient evidences exist to support a charge of discrimination. Those findings, together with a statement outlining the basis for them, will be transmitted by the Director of Equity and Diversity to the appropriate administrator. A copy will also be available to the complainant.
 - The appropriate Vice Chancellor or the Chancellor will review the findings, make a determination, and notify the complainant in writing. The University will take steps to prevent the recurrence of any prohibited discrimination and to correct any discriminatory effects on the complainant and others, if appropriate.

An individual who is subjected to retaliation (e.g., threats, intimidation, reprisals, or adverse employment or educational actions) because he or she (a) made a report of discrimination in good faith, (b) assisted someone with a report of discrimination, or (c) participated in any manner in an investigation or resolution of a report of discrimination, may make a complaint of retaliation under these procedures.

6. If an investigative committee is deemed appropriate, the relevant chancellor/vice chancellor/vice president or the president (in the event that the complaint is made against a chancellor/vice chancellor/vice president) will be asked by OED to appoint the members of such a committee. OED may assist the appropriate administrator in appointing committee members.

12. Title VI Training

The University of Tennessee provides Title VI training to all new regular employees during the employee's New Employee Orientation or Central Sign-up session. In addition, campuses/institutes conduct general non-discrimination training where Title VI information is provided.

On June 30, 2016, The University of Tennessee employed 12,189 regular faculty and staff. From July 1, 2015 – June 30, 2016, 3,061 employees attended training covering Title VI (25.1%). The University has 131 subrecipients. Subrecipients are responsible for their own Title VI training as part of their receipt of federal funds. The University annually surveys all subrecipients for compliance with Title VI regulations, include training.

Training data information, including dates of training, number of attendees, and campus/institute where training occurred is located on the following pages. Other than set New Employee Orientation dates, campuses and institutes are still setting their training dates for 2016 – 2017.

The University is still developing its online Title VI training module. We will provide a copy of the module to THRC once it is finalized.

13. Subrecipient Monitoring

The University of Tennessee has an extensive policy and procedures for the monitoring of its subrecipients. As part of the procedures, the University of Tennessee has developed a Subrecipient Monitoring Plan, depending on the perceived riskiness of the subrecipient. The Plan includes reviewing Uniform Guidance audit reports and a review of invoices for a lower-risk entity up to performing a site visit or desk audit for a higher-risk entity. In addition, the subrecipient must submit a completed Title VI survey before the university will execute a subaward.

The University of Tennessee's standard contract term and conditions include an anti-discrimination clause. The following is the contractual provision prohibiting discrimination used by the University of Tennessee. All subrecipients, contractors and/or vendors must agree to the statement.

No person on the grounds of disability, age, race, color, religion, sex, national origin, veteran status or any other classification protected by Federal and/or Tennessee State constitutional and/or statutory law shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract. The Contractor shall, upon request, show proof of such nondiscrimination, and shall post in conspicuous places, available to all employees and applicants, notice of discrimination.

Pre-award Procedures

Each entity that receives a sub-contract that contains Federal funds must agree to comply with the requirements of Title VI in regard to the provision of educational programs and services. The University of Tennessee requests each subrecipient to complete and return a Title VI survey which is reviewed by the University Controller. In addition, they must sign an Assurance Statement that they will comply with the requirements of Title VI. By completing the survey and signing the Assurance Statement, the subrecipient has met the pre-award criteria. A copy of the survey and Assurance Statement are included at the end of the Subrecipient Monitoring section.

The University of Tennessee's subrecipients are also direct recipients of federal funds, and therefore have pre-existing Title VI compliance obligations. The Assurance Statement and self-survey methods have been adopted to ensure compliance of all Title VI requirements, including training, of the University's subrecipients; therefore, no on-site reviews are conducted.

The University of Tennessee awarded 129 subawards during July 1, 2015 – June 30, 2016. Each of the pre-assessment surveys we reviewed by the university's Controller's Office.

Post-award Procedures

In conjunction with the Office of Management and Budget (OMB) Circular A-133, Section M – Subrecipient Monitoring, the University of Tennessee annually surveys subrecipients for compliance with Title VI regulations. The University uses the same survey as in the pre-award process (included at the end of Subrecipient Monitoring section). In addition, the subrecipient must also re-certify through signing a new Assurance Statement to confirm the agency’s ongoing compliance with the requirements of Title VI. The surveys are collected, reviewed and retained by the University’s Controller’s Office. The surveys for all 131 subrecipients listed in Appendix D (Subrecipients) were reviewed during the fiscal year, July 1, 2015 – June 30, 2016.

Subrecipient Title VI Training

The University’s subrecipients are covered under their own Title VI regulations and are required to comply with the provisions of the law such as Title VI training. As a result, the University does not hold its subrecipients to additional training requirements.

Procedures for Noncompliance

If any of the subrecipient survey responses indicate a deficiency, the University of Tennessee will request additional documentation of compliance from the subrecipient. If a subrecipient fails to answer any part of the survey, the University is required to follow-up with the subrecipient. Any questions which concern compliance deficiencies or action to be taken by the University will be forwarded to an ad-hoc Title VI Advisory Committee for review and disposition. The committee will include, but not be limited to, the appropriate campus Title VI Coordinator and a representative from the Treasurer/Controller Office, Human Resources, and the Office of Academic Affairs. The committee will be advised by the Office of the General Counsel.

Any subrecipient who is found not to be in compliance with Title VI will receive written notification from the University of Tennessee that the University will suspend, terminate, or reject future contracts with the entity.

No subrecipients were found to be out of Title VI compliance between July 1, 2015 and June 30, 2016.

Identify Subrecipients

During fiscal year 2015/2106, the University of Tennessee had 131 active subrecipients. The total of all of the subrecipient contracts equaled \$31,427,781.43. Appendix D (Subrecipients) provides a list of each subrecipient and includes a brief description of the program.

During fiscal year 2015/2016, the University of Tennessee had 522 active vendors. The total of all vendor contracts equaled \$43,913,386.15. Appendix E (Vendors) provides a list of each vendor and includes a brief description of the services provided.

ASSURANCE OF TITLE VI COMPLIANCE

Title VI of the Civil Rights Act of 1964, as codified in 42 U.S.C. 2000d, states that:

No person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving federal financial assistance.

14. Public Notice and Outreach

The University of Tennessee utilizes its System Equity and Diversity website (<http://www.tennessee.edu/system/equity/>) to disseminate the Title VI Implementation Plan. The UT Diversity Statement is also found on the Equity and Diversity website. Since each campus/institute has a named Title VI coordinator, each campus/institute includes its complaint procedures on its Equity and Diversity website. Through student and employee recruitment activities, eligible persons who have been historically deprived of equal opportunity are encouraged to participate in the University's educational programs. The University of Tennessee's subrecipients disseminate their information in a like-wise fashion.

Boards and Advisory Bodies

The University of Tennessee has four planning boards or advisory bodies. Each group has a website with information about the group, including a list of members. Each group will be discussed below with demographic information provided at the end of the Boards and Advisory Bodies section.

UT Board of Trustees

(<http://trustees.tennessee.edu>)

The Board of Trustees (BOT) is the governing body of The University of Tennessee. The BOT has full and complete control over the organization, administration, constituents, and financial affairs. All Trustees, both ex officio and appointed (except the non-voting student and faculty trustees and the Executive Director of the Tennessee Higher Education Commission (THEC), who is a non-voting member) shall have a vote on matters coming before the BOT or any of its committees (Source: Article I of The University of Tennessee Bylaws). The Governor of Tennessee, the Executive Director of THEC, and the President of the University of Tennessee are members of the BOT by virtue of the office they hold. All other members (both internal and external) are appointed by the Governor. The composition of the BOT is mandated by TCA § 49-9-202. The statute provides that in making appointments, the Governor shall strive to ensure that at least one person is a member of a racial minority since ensuring minority participation on policy-making boards and advisory commissions is vital to providing equal access to all programs.

Compensation Advisory Board

(<http://hr.tennessee.edu/pay/cab>)

UT's Compensation Advisory Board (CAB) is an internal board that was launched in March 2010 to help guide the University's compensation philosophy, structure and programs. The 18-member board serves in an advisory capacity to the President of the University of Tennessee and includes administrators, faculty, and staff from each campus and institute. Appointments to CAB are made by the President.

Diversity Advisory Council

(<http://tennessee.edu/static/equity/council/index.html>)

The Diversity Advisory Council (DAC) is an internal board that was launched in January 2010 and is charged with advising the University of Tennessee President on matters pertaining to: (1) how to be more effective and efficient in the recruitment, retention and graduation of a more diverse student population; (2) recruiting and retaining a more diverse faculty and staff; and (3) development and implementation of performance measurements for the purpose of accountability and other matters relating to diversity. Appointments to DAC are made by the President.

Employee Relations Advisory Board

(<http://hr.tennessee.edu/get-involved/committees-councils/employee-relations-advisory-board/>)

The Employee Relations Advisory Board (ERAB) is an internal board that exists at the UT System level to serve as an advisory group to the President of the University of Tennessee with respect to university policies, programs, and practices. The board members are representatives from each campus and institute who are elected by their peer campus/institute Employee Relations Committee members. The ERAB meets quarterly to discuss employee issues with, and make recommendations to, the University's senior leaders.

Documentation of Minority Input

As a public entity, The University of Tennessee welcomes input from all State of Tennessee citizens and UT alumni. One of the most popular options available is **UTALK**, our online e-form means of communication. Individuals may submit their comments/questions/suggestions through **UTALK**. After submitting the e-form, the information is recorded and the individual will receive a reply, if the contact information was provided by the individual. The e-form provides a field for the individual to include his/her name, but it is not required to protect the individual's right to privacy. There are no plans to make the name a required field nor to include any race/ethnicity questions so individuals will not fear being able to be identified.

For certain senior-level vacancies, a minority representative is included on the search committee. Input is documented according to the University's guidelines on conducting and recording search materials for senior-level positions. Exempt applicant pools must be reviewed and approved by our Equity & Diversity offices.

The University of Tennessee lists its purchasing policies and procedures for contractors on the Purchasing Office's website (<http://purchasing.tennessee.edu/default.html>). In addition, requests for bids are always sent to the local Urban League, the Tennessee Minority Purchasing Council, and the Black Business Contractors.

15. Compliance Reporting

In addition to its submission to the Tennessee Human Rights Commission (THRC), The University of Tennessee submits, upon request, its Title VI Implementation Plan to the Division of State Audit.

Other state and federal agencies who have requested and received the Title VI Implementation Plan include:

- State of Tennessee Department of Children’s Services
- State of Tennessee Department of Commerce and Insurance
- State of Tennessee Department of Education
- State of Tennessee Department of Human Services
- State of Tennessee Department of Health
- Tennessee Higher Education Commission (THEC)
- Tennessee State University Cooperative Extension Program
- U.S. Department of Agriculture National Institute for Food and Agriculture (7 CFR § 15)

The University of Tennessee posts its Title VI Implementation Plan on its System Equity & Diversity website.

The University of Tennessee also supplies, upon request, “Assurances of Compliance” to every state or federal agency with whom the University has a grant or collaboration.

The University of Tennessee did not participate in any Title VI audits or reviews during the 2015-2016 fiscal year.

16. Evaluation Procedures

As part of The University of Tennessee's System Strategic Plan, we annually track several key components: (1) Enhancing Educational Excellence; (2) Expanding Research Capabilities; (3) Fostering Outreach and Engagement; (4) Ensuring Effectiveness and Efficiency; and (5) The Complete College Tennessee Act. Reported items include (1) the number of participants in the Institute of Public Service's programs, (2) student enrollment, retention and graduation, (3) faculty and staff demographics, and (4) research dollar expenditures. Federal student assistance programs, as well as other federally funded programs and activities, are monitored and evaluated by the federal agency controlling the funding.

After data is collected, the University's System Institutional Research Office performs a five-year trending analysis. The trending and analysis are recorded as part of the University's Strategic Plan Dashboard (<http://president.tennessee.edu/strategicplan/dashboard/index.html>). Dr. Joe DiPietro presents the Dashboard information to the University's Board of Trustees (the governing body of the University) each year.

When the Diversity Advisory Council (DAC) was established in January 2010, its charge was to "determine how to become more effective and efficient in advancing diversity across the University of Tennessee System." Five subcommittees: (1) Framework Philosophy and Rationale; (2) Institutional Planning and Implementation; (3) Diversity Reporting and Accountability; (4) Diversity Infrastructure and Coordination; and (5) Faculty and Staff Diversification Strategies, work together to report and bring recommendations to the Board of Trustees. Dr. Noma Anderson, DAC chair, annually presents an update of the activities of DAC to the Board of Trustees.

The campus and institute Equity and Diversity Officers meet quarterly. In addition to updates and training, the officers discuss and evaluate the University's non-discrimination efforts and compliance, including Title VI compliance.

The University of Tennessee did not receive any notification of Title VI Compliance deficiencies.
