5. Non-Discrimination Policy

All University of Tennessee programs are accessible without regard to race, color, or national origin. UT has a full EEO/AA Statement/Non-Discrimination Statement that is required to be included in position announcements (not paid advertisements) sent to potential referral sources, catalogs, application forms, posters, and other material used in conjunction with the referral and/or recruitment of students, faculty or staff, and publications which contain general information and are made available to alumni/ae, faculty, staff, students or other participants in, or beneficiaries of, University programs. The statement reads as follows:

The University of Tennessee is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA institution in the provision of its education and employment programs and services. All qualified applicants will receive equal consideration for employment without regard to, and will not be discriminated against on the basis of, race, color, national origin, religion, sex, pregnancy, marital status, sexual orientation, gender identity, age, physical or mental disability, or covered veteran status.

In addition to the non-discrimination statement above, the University of Tennessee has two Human Resources policies regarding discrimination, HR0220 (Equal Employment Opportunity) and HR0280 (Sexual Harassment and Other Discriminatory Harassment). 7. Discriminatory Practices

In addition to the Non-Discrimination statement provided in Section 5 – Non-discrimination Policy, the University uses a short EEO/AA/Non-Discrimination statement in paid advertisements to solicit applications for faculty and staff positions of employment, contracts for goods or services, purchase orders, and brochures and newsletters. The short statement reads as follows:

The University of Tennessee is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA institution in the provision of education and employment programs and services. All qualified applicants will receive equal consideration for employment without regard to race, color, national origin, religion, sex, pregnancy, marital status, sexual orientation, gender identity, age, physical or mental disability, or covered veteran status.

Examples of prohibited discriminatory practices as related to Title VI include:

1. Denial of admission to The University of Tennessee on the basis of race, color, or national origin.
2. Assignment of on-campus housing or use of other facilities on the basis of race, color, or national origin.
3. Denial of academic or student support services on the basis of race, color, or national origin.
4. Denial of scholarships or other financial aid on the basis of race, color, or national origin.
5. Discrimination in hiring, employment, and working conditions on the basis of race, color, or national origin.
6. Denial of any services, or other benefits for which individuals are otherwise qualified on the basis of race, color, or national origin.

8. Federal Programs or Activities

The University of Tennessee receives federal funding from numerous sources. As an institute of higher education, UT falls under the provision of 42 U.S.C. § 2000d that “no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance.”

The federal funding sources, purposes of the assistance, and the dollar amount of each instance of assistance for The University of Tennessee appear in Appendix C (Federal Financial Assistance). The information in Appendix C includes all programs, federal grants, loans or subsidies, equipment, training resources, land, loans, and/or details of federal personnel.

The University of Tennessee received a total of \$640,597,572.59 in federal assistance during fiscal year 2021/2022. Please note that many FFA sources provide more than one instance of assistance.

At this time, an additional \$92,380,192.61 of Federal Financial Assistance is expected to begin during the 2022/2023 fiscal year. Please see Appendix D (Pending FFA) for details.

9. Data Collection and Analysis

The University of Tennessee utilizes two systems to record student and employee data. For student data, each campus has a separate account with the Banner Student System. The information at the end of this section regarding student enrollment by race and minority representation and number of degrees awarded by race and minority representation is produced using each campus' Banner system.

SAP software is used for all human resources/payroll activities and reports. The information at the end of this section regarding Federal Work Study participation by race/ethnicity and nationality, and employees by race/ethnicity and nationality is generated using the University's SAP Enterprise system.

In addition, each federally funded program or activity is evaluated by the grant recipient in conjunction with the requirements of the grant. The evaluation data is reported directly back to the grantor, not to the campus/institute Title VI coordinator.

The estimated population of the State of Tennessee on July 1, 2021, was 6,975,218 people. * The chart below shows the estimated July 1, 2021, population breakdown by ethnicity and race of the State of Tennessee. *

10. Limited English Proficiency (LEP)

The University of Tennessee's procedures and plans utilize several resources to deliver LEP services. Equity and Diversity offices at each campus/institute have information about Avaza Language Services Corporation, Linguistics, and other companies that offer interpreting services. In addition, our Tennessee Language Institute also assists with interpreting. The Equity and Diversity officers make the information available to anyone at the University who is involved in the delivery of LEP services. In addition, the information has been shared with all UT Health Science Center (UTHSC) clinics and county extension offices. This information includes language cards to which a LEP person can point to identify his or her primary language. Under UTHSC supervision, all clinical supervisors know to contact the UTHSC Equity and Diversity officer if they encounter any LEP issues.

The University's Chattanooga, Knoxville, and Martin campuses each have Centers for International Education. These Centers provide many services to the international community, including opportunities for cultural and language exchange between students, faculty, and other members of the university community from around the world. The Centers routinely engage international students and faculty to provide translation services or to facilitate communication with LEP individuals. The Centers are the primary resources by which UT delivers LEP services to the University community. Because of the depth and breadth of the University's ability to provide translation services, arrangements through the Centers occur on an informal, ad hoc basis, and the University has no means of tracking the frequency with which LEP services are provided through the Centers or the native languages that are spoken by the individuals requesting LEP services.

The University's campuses in Knoxville, Chattanooga, and Martin each have academic departments of foreign languages. These departments have faculty members who are fluent in many languages. The faculty members also provide ad hoc LEP services within the University community and are available to the Equity and Diversity offices if needed. Please see Appendix E – Faculty Interpreters for a list of faculty on each campus that are available to interpret. The Tennessee Language Center is also a part of the University of Tennessee and offers language interpretation

The University of Tennessee encountered LEP requests for 67 distinct languages during fiscal year 2021-2022, with some of the distinct languages being encountered by more than one campus/institute. The chart below shows the breakdown of the types of LEP requests for the past fiscal year.

When translation of other documents is needed, the University will request that the document be translated into the requested language by either an internal bilingual staff member, our Tennessee Language Center, or by either Avaza or Linguistics. Original documents being submitted for translation will be in final, approved form.

The University believes that its delivery of LEP services is thorough and effective. The University's primary points of contact with the general public are its clinics and its extension offices. The University will continue to ensure that it makes those clinics and offices aware of the University's LEP services.

The University's LEP policy and procedures may be found below.

Limited English Proficiency Compliance

The University of Tennessee seeks to fulfill its responsibility under Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d et seq. to provide meaningful access to programs and activities by persons with Limited English Proficiency (LEP). The University of Tennessee is a complex organization with multiple campuses and institutes, as well as many additional services, including an agricultural extension service that provides programming in all 95 counties of the state. As a result, reasonable steps to ensure meaningful access to programs and activities by LEP persons vary wide according to the specific circumstances.

The most basic activities of the University of Tennessee are to provide educational service to its students and to support teaching and research by its faculty. The University evaluates the English language proficiency of its students and teaching faculty and provides various forms of assistance depending upon each fact-dependent circumstance. In some situations, students who need assistance in written English may be placed in special writing classes. In other instances, a student's studies may be delayed while they attend intensive English language programs. Certain offices may offer special training to assist faculty whose first language is not English. The University makes many of its written communications, especially posters concerning the rights of employees under Title VI, available in English and Spanish.

The University delivers services directly to the public primarily through its clinics and agricultural extension offices. Those offices provide, without cost, the following services:

1. IDENTIFYING LEP PERSONS AND THEIR LANGUAGE

The University will promptly identify the language and communication needs of the LEP person. If necessary, staff will use the language identification card provided by Avaza language services to determine the language. In addition, when records are kept of past interactions with individuals or their family members, the language used to communicate with the LEP person will be included as part of the record.

2. OBTAINING A QUALIFIED INTEPRETER

Supervisors over clinics and extension offices across the state have been informed to contact their Title VI coordinator if the need arises for language translation services. They have been supplied with the Avaza language identification card. Moreover, they have been asked to notify their Title VI coordinator, who is responsible for:

- (a) Maintaining an accurate and current list showing the name, language, phone number and hours of availability of bilingual staff.
- (b) If a bilingual staff member is available from the University's foreign language departments, that staff member will be asked to assist in verbal or written communications, depending on the circumstances.
- (c) If a bilingual staff member is not available, the Title VI coordinator will contact Avaza and arrange for language translation services. Some LEP persons may prefer or request to use a family member or friend as an interpreter. However, family

members or friends of the LEP person will not be used as interpreters unless specifically requested by that individual and after the LEP person has understood that an offer of an interpreter at no charge to the person has been made by the department or agency. Such an offer and the response will be documented in the person's file. If the LEP person chooses to use a family member or friend as an interpreter, issues of competency of interpretation, confidentiality, privacy, and conflict of interest will be considered. If the family member or friend is not competent or appropriate for any of these reasons, competent interpreter services will be provided to the LEP person.

Children (e.g., persons under the age of 18) will not be used to interpret, in order to ensure confidentiality of information and accurate communication.

3. PROVIDING WRITTEN TRANSLATIONS

The University makes its Title VI brochure available in Spanish. When translation of other documents is needed, the University will request that the document be translated into the requested language by either an internal bilingual staff member or by Avaza. Original documents being submitted for translation will be in final, approved form.

4. MONITORING LANGUAGE NEEDS AND IMPLEMENTATION

The University continues to assess the need for providing more formal LEP assistance to the general public. In addition, the University will continue to evaluate its procedures for securing outside interpreter services, complaints filed by LEP persons, and feedback from the public and University community.

Individuals who believe they have not been provided meaningful access under Title VI may file a complaint with the campus Title VI officer. Retaliation of any kind against a person who has filed a complaint is prohibited.

11. Complaint Procedures

Each campus, plus the Space Institute in Tullahoma, has a Title VI Coordinator who is responsible for Title VI discrimination complaints and investigations. The Knoxville campus coordinator also serves as the coordinator for the Institute for Public Service, the Institute of Agriculture, and the UT System Administration.

Complaints of discrimination should be directed to the campus/institute Office of Equity and Diversity. Sample complaint forms are provided in Appendix G. Use of the form is not required. No matter the format of the written complaint, it must include: (1) the name of the complainant; (2) an explanation of the action or conduct complained of; and (3) the person or department responsible for the action. Each of the campus' complaint process is provided below.

Chattanooga

Discrimination Complaint Procedure

The University of Tennessee at Chattanooga welcomes and respects people of all races, creeds, cultures, backgrounds, and sexual orientations. The University values intellectual curiosity, pursuit of knowledge, and academic freedom and integrity. In keeping with those values, UTC policies prohibit the following:

- discrimination against employees, students, or applicants for employment or admission, on the basis of race, color, religion, sex (including sexual harassment, sexual orientation, gender identity, marital status, parental status), national origin, age, disability, or protected veteran status;
- discrimination against other participants in educational programs and activities (which includes certain individuals who are not employees, students, or applicants for employment or admission) on the basis of race, color, national origin, sex, or disability; and
- retaliation against any person who in good faith reports a practice that he/she believes violates non-discrimination policies.

If you are an employee, student, applicant for employment, applicant for admission, or are otherwise a participant in a UT Chattanooga program or activity, and you believe you have been discriminated against in violation of the policies outlined above, the process below is designed to help you resolve your complaint.

Where and When to File a Complaint

Complaints of discrimination should be directed to the UT Chattanooga Office of Equity and Inclusion, 720 McCallie Avenue, Second Floor, Dept. 5455, 615 McCallie Avenue, Chattanooga, Tennessee 37403-2598, Telephone (423) 425-5824. **Complaints must be in writing and filed within 300 days of the alleged discriminatory action.** In certain circumstances, at the discretion of the Diversity Officer, complaints filed outside that time limit, or not submitted in writing, may be investigated.

Employees and students are encouraged to attempt to resolve a complaint through the administrative structure of the employment unit or academic department. The Director of Equity and Inclusion will provide assistance to the complainant, employment unit, and/or academic department in order to resolve the complaint. **Supervisors and other administrators who become aware of unlawful discrimination or harassment must take immediate and appropriate action to stop such practices or behaviors and prevent their recurrence.** It is the responsibility of the administrator who receives a complaint or becomes aware of the existence of unlawful discrimination or harassment, to contact the Director of Equity and Inclusion to seek counsel regarding appropriate action.

- Complaints received directly to the Director of Equity and Inclusion will be reported by the director to the appropriate administrator(s), who will attempt to resolve the matter working in conjunction with the Director of Equity and Inclusion. Confidentiality will be maintained to **the extent possible**.
- If the complaint is not resolved through the methods described above, the Director of Equity and Inclusion may initiate a formal investigation, an informal review, or other form of informal resolution, including mediation.
- A review may be initiated if the complainant presents concerns that may not rise to the level of a full investigation of discrimination or harassment, if a respondent is not readily identifiable, or upon request by the complainant if filed as an informal complaint. This process may include data analysis, review of documentation, and preliminary interviews with people whose involvement is necessary to facilitate a resolution to the complaint. Typically, this would include only the complainant(s) or respondent(s), or departmental leadership if respondents are not identified.
- Following the review, a closing letter with a summary of the review is provided to the complainant. Depending on the outcome of the review, the complaint may be escalated to a full investigation, referred to Human Resources for follow-up, or the Director of Equity and Inclusion may conduct follow-up discussions with departmental leadership. At any point during the informal review process, a complainant may choose to file a formal complaint instead.
- Formal complaints should be submitted in writing to the Director of Equity and Inclusion. The complaint must include (1) the name of the complainant, (2) an explanation of the action or conduct complained of, and (3) the person or department responsible for the action. The complainant should include the resolution sought by the complainant. The head of the responding unit or academic department and the party against whom the complaint has been lodged (respondent) will be notified of the complaint.
- The Office of Equity and Inclusion will conduct an investigation, the nature and scope of which will be determined by the Director of Equity and Inclusion on a case-by-case basis. The investigation may include any or all of the following, as well as such other action as the Director of Equity and Inclusion deems appropriate: interviewing the complainant, interviewing the respondent, interviewing witnesses, submitting questions to, or taking statements from, parties or witnesses, reviewing documents, and/or setting up an investigative committee.
- If an investigative committee is deemed appropriate, the relevant chancellor/vice chancellor/vice president or the president (in the event that the complaint is made against a chancellor/vice chancellor/vice president) will be asked by the Director of Equity and Inclusion to appoint the members of such a committee. The Director of Equity and Inclusion may assist the appropriate administrator in appointing committee members.

- The investigative committee, or the Director of Equity and Inclusion or their designee, if there is no investigative committee, will make findings of fact and will determine whether sufficient evidence exists to support a charge of discrimination. Those findings, together with a statement outlining the basis for them, will be transmitted by the Director of Equity and Inclusion to the appropriate administrator. A copy will also be available to the complainant.
- The appropriate vice chancellor or the chancellor will review the findings, make a determination, and notify the complainant in writing. Within 15 workdays after receipt of that decision, complainants who are in staff nonexempt positions may pursue a grievance under UTC Personnel Policy and Procedure, contained in the UTC Policy and Procedures Manual, if they are not satisfied with the determination.
- If the complainant is not satisfied with the determination and is not eligible to or has not elected to file a grievance, the complainant may appeal in writing within 15 workdays after receipt of the decision to the next higher administrative level. The decision on the appeal will be provided in writing to the complainant. Decisions by the chancellor shall be final and not subject to further appeal.

Individuals who wish to file a Title VI complaint with the Tennessee Human Rights Commission (THRC) have up to 180 days from the date of the discriminatory act. Individuals who wish to file a complaint about employment discrimination may do so with the U.S. Equal Employment Opportunity Commission within 300 days from the date of the discriminatory act.

Health Science Center (Memphis)

UNIVERSITY OF TENNESSEE HEALTH SCIENCE CENTER DISCRIMINATION COMPLAINT PROCEDURE

Any UTHSC employee, student, applicant for admission or employment, or other participant in UTHSC programs or activities, who believes that he or she has been discriminated against on the basis of race, color, sex (including sexual harassment, sexual assault, and sexual violence), sexual orientation, gender identity, pregnancy, marital status, parental status, religion, national origin, age, disability or veteran status is encouraged to use the procedures outlined below for the resolution of his or her complaint. University policy prohibits retaliation against any person who in good faith opposes a practice which he or she believes to be discriminatory or who participates in an investigation of a complaint. Complaints of discrimination should be directed to the Office of Equity and Diversity (OED), 910 Madison Avenue, Suite 826, Memphis, Tennessee 38163 (telephone: 901-448-2112 [voice], 901-448-7382 [TTY]).

Complaints alleging discrimination must be put in writing and signed and filed within 300 days.

A complainant may also have the ability to file complaints with external agencies such as the Equal Employment Opportunity Commission (EEOC), the Tennessee Human Rights Commission (THRC), the Office for Civil rights (OCR), and the courts.

- ✓ Please note that the deadlines for filing with external agencies or courts may be shorter than the deadline established for filing a complaint under this Procedure.
- ✓ Examples of shorter deadlines include, but are not limited to 180 days to file a complaint under Title VI & Title IX, as well as 300 days to file a complaint under Title VII.
- ✓ The Tennessee Human Rights Commission (THRC) may investigate allegations of noncompliance with Title VI. If THRC refers a complaint to the University for investigation and resolution, OED will coordinate with the Office of the General Counsel to notify THRC of the commencement of an investigation within ten (10) days of the date of referral. Before OED notifies the complainant about the resolution of a complaint, OED will coordinate with the Office of the General Counsel to submit a summary of the investigation to THRC.

A complaining party may select whether to pursue an Informal or Formal complaint. A complainant may choose to first file an Informal complaint (i.e., excluding sexual assault). If, however, the parties are unable to reach a mutually acceptable resolution of the Informal complaint, a complainant may then file a Formal complaint. Additionally, a complainant may during the Informal complaint process choose to file a Formal complaint instead.

In certain circumstances, at the discretion of OED, complaints filed outside of referenced time limits or that are not put in writing and signed may be investigated.

1. Employees and students are encouraged, but not required, to attempt to resolve a complaint through the administrative structure of the employment unit or academic department. OED will provide assistance to the complainant, employment unit, and/or academic department in order to resolve the complaint.
2. Complaints (other than those involving sexual assault) received directly by OED will be reported by the Assistant Vice Chancellor (or the Assistant Vice Chancellor's designee) to the appropriate administrator(s), who will attempt to resolve the matter working in conjunction with OED. Confidentiality will be maintained to the extent possible.
3. If the complaint is not resolved through the methods described above, OED may use the following:
 - a. Complaints should be submitted in writing to OED. The complaint must include (1) the name of the complainant; (2) an explanation of the action or conduct complained of; and (3) the person or department responsible for the complained of action. The complaint should include the resolution sought by the complainant. The complaint may identify witnesses and other evidence the complainant wants OED to consider in its investigation. The party against whom the complaint has been lodged (respondent) and the appropriate administrator with supervisory responsibility will be notified of the complaint.
 - b. OED will conduct an investigation, the nature and scope of which will be determined by OED on a case-by-case basis. The investigation may include any or all of the following, as well as such other action as OED deems appropriate: interviewing the complainant; interviewing the respondent; interviewing witnesses; submitting questions to or taking statements from parties or witnesses; and reviewing documents.
 - c. OED will make findings and recommendations. Those findings and recommendations, together with a statement outlining the basis for them, will be transmitted by OED to the appropriate administrator within forty (45) calendar days of receipt of a complaint. A copy will also be sent to the complainant and respondent.
 - d. The appropriate administrator(s) will review OED's findings and recommendations, make a determination, and notify the complainant and respondent of the determination in writing within fifteen (15) calendar days of the receipt of OED's findings and recommendations.
 - e. When the complainant is a student, OED will make a good faith effort to conclude the investigation and resolution of a complaint (i.e., steps 3(b) through 3(d)) within sixty (60) calendar days of the date the receipt of the complaint by OED. If the investigation and resolution of a complaint cannot be completed within that time period, then OED will contact the complainant and respondent and provide an estimated time frame in which the investigation and resolution of a complaint will be completed.
 - f. Appeals

- i. Employees: A complainant or respondent who is an employee who is not satisfied with the determination described in Section 3(d) may appeal in accordance with applicable University policies and procedures, including Human Resources Policy 0525, Human Resources Policy 0640, and the UTHSC Faculty Handbook.
- ii. Students: Within seven (7) calendar days after receipt of the determination described in Section 3(d), a complainant or respondent who is a student and who is not satisfied with the determination may appeal in writing to the next higher administrative level. The University will inform the complainant and respondent in writing of the person to whom an appeal may be made. Any administrator who receives an appeal shall make a decision on the appeal within ten (10) calendar days of the administrator's receipt of the appeal. Decisions on appeals shall be provided in writing to the complainant and respondent.

The time limits above are subject to modification on a case-by-case basis due to operational requirements, travel away from campus, in-depth investigations, or other issues that complicate the process or require additional time to reach a thorough and fair resolution of the matter.

The University will take steps to prevent the recurrence of any prohibited discrimination and to correct any discriminatory effects on the complainant and others, if appropriate.

An individual who is subjected to retaliation (e.g., threats, intimidation, reprisals, or adverse employment or educational actions) because he or she (a) made a report of discrimination in good faith, (b) assisted someone with a report of discrimination, or (c) participated in any manner in an investigation or resolution of a report of discrimination, may make a complaint of retaliation under these procedures.

Time Limits for State and Federal Agencies.

Complainants who wish to file a complaint with an external agency must be aware that each agency will have a time limit for reporting such a complaint. For example, THRC requires that discrimination complaints be filed within 180 days of the complained-of event. These limits usually run from the last date of unlawful harassment, not the date that the complaint is filed with the agency or resolved with the university.

The University of Tennessee had one (1) complaint of discrimination based on race, color, or national origin in 2021-2022. Please see Appendix F (Complaint Logs) for campus complaint log templates. Below is a summary of the complaints.

Health Science Center

- 1 complaint based on race. Please see below for detailed information.

Date Received: March 19, 2022

Complainant: Anita Pitts

Respondent: Mark Lackey, DDS

Summary: The complainant Pitts alleged that her professor, Lackey treated her and other Black dental students less favorably than white dental students and believe this was due to their race. The complaint was investigated as a possible violation of UT Policy No. HR 0380 (Sexual Harassment & Other Discriminatory Harassment) with a focus on "Other Discriminatory Harassment" as the alleged basis for the discrimination was race. Investigators met with 4 dental students who identifies as people of color (POC), 2 professors (former students/work with or under Dr. Lackey) who identified as POC and the respondent who identifies as white. The complainant had 4 incidents in which they alleged the discrimination was evident.

OIED findings assert that while there was some tension and frustration between the complainant and respondent, there was not sufficient evidence to support the complainant's assertion for either of the incidents. Therefore, OIED found that the evidence did not establish a violation of UT policy HR 0280 (sexual Harassment & Other Discriminatory Harassment).

UT timely notified THRC of this complaint in accordance with THRC Rule 1500-01-03-06. UT also submitted a draft investigation report and incorporated feedback from THRC into the final version of the report. UT received notification that its report was verified for compliance.

Response: Pending

The University of Tennessee had no other Title VI federal complaints or lawsuits during fiscal year 2021-2022 alleging discrimination based on race, color, or national origin.

The University of Tennessee is obligated to notify THRC within ten (10) days of the commencement of an investigation and before notifying the complainant of the closure in accordance with THRC rule 1500-01-03-06. A complainant has the right to file with the Federal granting agency.

12. Title VI Training

The University of Tennessee uses an online Title VI training module (please see Appendix H-Title VI Training Slides) for all campuses and institutes. The Title VI training provides a voice-over so those who have sight impairments can hear the training. The training does not include a test or quiz.

Although the training is available year-round, campuses and institutes were divided into three concentrated groups during FY 2021-2022: the Knoxville Campus, the Institute for Public Service, the UT Space Institute, and System Administration in September 2021; the Health Science Center in Memphis in January 2022; and all other entities in April 2022. Reminder emails were sent at scheduled intervals to individuals who had not taken the training. From July 1, 2021 – June 30, 2022, 12,695 out of 13,010 employees took the Title VI online training (97.6% completion rate). This is an increase from the 91.9 percent completion rate from the previous year. As all new employees are hired, they are assigned the Title VI training module to complete.

The University of Tennessee does not conduct Title VI training for its subrecipients. Instead, the University includes a non-discrimination provision in every contract with a subrecipient and requires every subrecipient to provide a statement of assurance regarding their commitment to comply with Title VI. These processes are described in Section XIII, Subrecipient Monitoring, of the *Title VI Report and Implementation Plan*. The vast majority of the University's subrecipients are other federally funded institutions who are also subject to Title VI, or other state agencies, who are both subject to Title VI and the oversight of the Tennessee Human Rights Commission. The University annually surveys all subrecipients for compliance with Title VI regulations, including training.

Title VI Training

Item	Number of Employees	Number of Employees Trained	Percentage of Employees Trained
UT's Online Training	13010	12695	97.6%
Subrecipient Training	N/A	N/A	
Proposed Dates for 2022-2021 Training	Available July 1, 2022 - June 30, 2023		
Total	13010	12695	97.6%

The University of Tennessee currently has the Title VI training available to all employees. A concentrated plan of emails and notifications to take the annual Title VI training will begin in October 2022 for the Knoxville Campus, the Institute of Public Service, the UT Space Institute, the UT Institute of Agriculture, the Chattanooga campus, UT System Administration. The UT Health Science Center will concentrate their training initiative in January 2023. All other campuses will concentrate their initiative in April 2023.

13. Subrecipient Monitoring

The University of Tennessee has extensive policies and procedures for the monitoring of its subrecipients. As part of the procedures, the University of Tennessee has developed a Subrecipient Monitoring Plan, depending on the perceived riskiness of the subrecipient. The Plan includes reviewing Uniform Guidance audit reports and a review of invoices for a lower-risk entity up to performing a site visit or desk audit for a higher-risk entity. In addition, the subrecipient must submit a completed Title VI survey before the university will execute a subaward.

Pre-award Procedures

Each entity that receives a sub-contract that contains Federal funds must agree to comply with the requirements of Title VI in regard to the provision of educational programs and services. The University of Tennessee requests each subrecipient to complete and return a Subrecipient Profile Questionnaire which is reviewed by the Office of Sponsored Programs. In addition, they must sign an assurance statement that they will comply with the requirements of Title VI. By completing the questionnaire and signing an Assurance of Title VI Compliance, the subrecipient has met the pre-award criteria. A copy of the questionnaire and assurance statement are included at the end of the Subrecipient Monitoring section.

The University of Tennessee reviewed 97 pre-assessment questionnaires and surveys for 282 new subawards during July 1, 2021– June 30, 2022. The 97 pre-assessment questionnaires went to new subrecipients of the university. There were 55 previous subrecipients who received new subawards. According to the University of Tennessee Controller, Mary McDonald, “All of our subrecipient agreements flow through the requirements of the originating federal agencies. Thus, when our subrecipients sign the agreement with the University, they have agreed to the Title VI requirements since they have signed indicating they have agreed to all the requirements of the federal agency (which includes the Title VI requirements). There is not a separate statement. Thus, every subrecipient listed has signed assuring they will abide by Title VI.” Please see Appendix J (Signed Statements of Assurance) for the list of subrecipients who signed a statement of assurance.

The University of Tennessee’s subrecipients are also direct recipients of federal funds, and therefore have pre-existing Title VI compliance obligations. The assurance statement and questionnaire methods have been adopted to ensure compliance of all Title VI requirements, including training, of the University’s subrecipients; therefore, no on-site reviews are conducted.

Post-award Procedures

In conjunction with the Office of Management and Budget (OMB) Uniform Guidance on Subrecipient Monitoring, the University of Tennessee annually surveys subrecipients for compliance with Title VI regulations (a copy of the survey is included at the end of the Subrecipient Monitoring section). In addition, the subrecipient must also re-certify through signing a new assurance statement to confirm the agency's ongoing compliance with the requirements of Title VI. The annual surveys are collected, reviewed, and retained by the University's Controller's Office. The surveys for the 152 subrecipients listed in Appendix I (Subrecipients) were reviewed during the fiscal year, July 1, 2021 – June 30, 2022. Please note that some subrecipients had multiple awards.

The University of Tennessee's subrecipients are also direct recipients of federal funds, and therefore have pre-existing Title VI compliance obligations. The assurance statement and questionnaire methods have been adopted to ensure compliance of all Title VI requirements, including training, of the University's subrecipients; therefore, no on-site reviews are conducted.

Subrecipient Title VI Training

The University's subrecipients are covered under their own Title VI regulations and are required to comply with the provisions of the law such as Title VI training. As a result, the University does not hold its subrecipients to additional training requirements.

Procedures for Noncompliance

If any of the subrecipient survey responses indicate a deficiency, the University of Tennessee will request additional documentation of compliance from the subrecipient. If a subrecipient fails to answer any part of the survey, the University will follow-up with the subrecipient. Any questions which concern compliance deficiencies or action to be taken by the University will be forwarded to an ad-hoc Title VI Advisory Committee for review and disposition. The committee will include, but not be limited to, the appropriate campus Title VI Coordinator and a representative from the Treasurer/Controller Office, Human Resources, and the Office of Academic Affairs. The committee will be advised by the Office of the General Counsel.

Any subrecipient who is found out of compliance with Title VI will receive written notification from the University of Tennessee that the University will suspend, terminate, or reject future contracts with the entity.

No subrecipients were found to be out of Title VI compliance between July 1, 2021 and June 30, 2022.

No person on the grounds of disability, age, race, color, religion, sex, national origin, veteran status or any other classification protected by Federal and/or Tennessee State constitutional and/or statutory law shall be excluded from participation in, or be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract. 14. Public Notice and Outreach

In addition to the University of Tennessee's Diversity Statement that may be found on its System Inclusion, Diversity, and Engagement website (<https://ide.tennessee.edu/diversity-statement>), the University has two Human Resources policies that have tangential application to the University's Title VI mission. Please see Appendix B (Non-discrimination Policies) for those policies.

Through student activities, eligible persons who have been historically underrepresented regarding equal opportunities are encouraged to participate in the University's educational programs. The most comprehensive availability of the University of Tennessee's programs and services are published on each campus' website.

Since each campus/institute has a named Title VI coordinator, each campus/institute includes its complaint procedures on its equity/diversity/inclusion website.

All Board of Trustee meetings are open to the public and are accessible on the internet (live and recorded for later viewing). The minutes and decisions by the Board are posted on its website (trustees.tennessee.edu).

The University of Tennessee advertises executive-level and faculty vacancies in *Diverse Jobs in Higher Education* and *Latinos in Higher Education*. Faculty members contribute to articles in magazines such as *Diverse Issues in Education*. The majority of dissemination of information comes from establishing relationships with a variety of historically diverse professional societies, professional organizations, and historical black colleges and universities.

The University of Tennessee utilizes minority media for the services we offer as well as news releases. Examples of the types of media the university uses include historical minority publications (such as newspapers and periodicals) and media (such as radio stations), and intentional posts on historical minority Facebook groups and other social media platforms. Overall, the university disseminated 27.5 percent of its information involving minority media.

The University of Tennessee interacts with minority organizations and community organizations. Campuses have robust student and employee minority organizations and programs that ranges from speaker's bureaus to specific academic field professional individuals who come and speak to students about careers. Guidance on applying for grants and scholarships, and free tutors are just some of the things offered. The campuses also support their local Urban League offices.

Board and Advisory Bodies

The University of Tennessee has one governing board and one advisory body. Each group has a website with information about the group, including a list of members. In addition, each campus has alignment to the UT IDE Strategic Alliance. Each group will be discussed below with demographic information provided at the end of the Board and Advisory Bodies section.

UT Board of Trustees

(<http://trustees.tennessee.edu>)

The Board of Trustees (BOT) is the governing body of The University of Tennessee, overseeing the educational and operational activities of the statewide University system. The 12-member board is comprised of one (1) ex officio member, who is the Commissioner of Agriculture for the State of Tennessee, 10 members appointed by the Governor of Tennessee, and one (1) non-voting student member appointed by the Board. (Source: UT Board of Trustees website: <https://trustees.tennesseese.edu/about>). According to Article I of the Board of Trustees Bylaws, “As the governing body of The University of Tennessee, the Board of Trustees has full authority and control over the University’s organization and administration, constituent part, and funds. The Board has all powers granted by acts of the General Assembly of the State of Tennessee, including but not limited to those codified in Tennessee Code Annotated § 49-9-202, and all implied power necessary, proper, or convenient for the accomplishment of the mission of the University and the responsibilities of the Board.” In addition to the Board of Trustees, the Knoxville, Chattanooga, Martin campuses and the Health Science Center in Memphis have advisory boards consisting of seven members (five appointed by the governor, plus one student and one faculty member). Vacancies are not posted as they are appointed by the Governor of Tennessee.

Employee Relations Advisory Board

(<http://hr.tennessee.edu/get-involved/committees-councils/employee-relations-advisory-board/>)

The Employee Relations Advisory Board (ERAB) is an internal board that exists at the UT System level to serve as an advisory group to the President of the University of Tennessee with respect to university policies, programs, and practices. The ERAB meets quarterly to discuss employee issues with, and make recommendations to, the University’s senior leaders. Vacancies are not posted as ERAB is an internal advisory board. The board members are representatives from each campus and institute who are elected by their peer campus/institute Employee Relations Committee members.

Documentation of Minority Input

As a public entity, The University of Tennessee welcomes input from all State of Tennessee citizens and UT alumni. One of the most popular options available is **UTALK**, our online e-form means of communication. Individuals may submit their comments/questions/suggestions through **UTALK**. After submitting the e-form, the information is recorded and the individual will receive a reply, if the contact information was provided by the individual. The e-form provides a field for the individual to include his/her name, but it is not required to protect the individual's right to privacy. There are no plans to make the name a required field nor to include any race/ethnicity questions so individuals will not fear being able to be identified.

The University of Tennessee has begun conducting surveys among its faculty, staff, and students. One demographic being measured is ethnicity/race. No names are associated with results and care is taken to ensure that individuals cannot be identified.

For senior-level vacancies, a minority representative is included on the search committee. Input is documented according to the University's guidelines on conducting and recording search materials for senior-level positions. Exempt applicant pools must be reviewed and approved by our equity/diversity/inclusion offices.

The University of Tennessee lists its purchasing policies and procedures for contractors on the Purchasing Office's website (<http://purchasing.tennessee.edu/default.html>). In addition, requests for bids are always sent to the local Urban League, the Tennessee Minority Purchasing Council, and the Black Business Contractors. The University of Tennessee is heavily involved with the State of Tennessee Governor's Office of Diversity Business Enterprise Program (GoDBE) and encourages all minority businesses that contact us to register.

The University of Tennessee does not offer grants to the general public. We do offer scholarships to students. Scholarship information is disseminated through our Admissions offices to our websites, to high schools, junior colleges, etc. Our Admissions offices also have information about federal and state student grants that may be available to eligible students.

The University of Tennessee's subrecipients would follow the requirements of their own organizations for public notice and outreach.

15. Compliance Reporting

In addition to its submission to the Tennessee Human Rights Commission (THRC), The University of Tennessee submits, upon request, its Title VI Implementation Plan to the Division of State Audit. Other state and federal agencies who have requested and received the Title VI Implementation Plan include:

- State of Tennessee Department of Commerce and Insurance
- Tennessee Council of Developmental Disabilities
- Tennessee Department of Transportation
- U.S. Department of Agriculture (required under 7 CFR § 15)

The University of Tennessee posts its Title VI Implementation Plan on its System Inclusion, Diversity, and Engagement website at <https://ide.tennessee.edu/title-vi>.

The University of Tennessee also supplies, upon request, “Assurances of Compliance” to every state or federal agency with whom the University has a grant or collaboration.

The University of Tennessee did not receive any audits or reviews from a federal or state monitoring agency during fiscal year 2021-2022.

16. Evaluation Procedures

As part of The University of Tennessee's System Strategic Plan, we annually track several key components: (1) Enhancing Educational Excellence; (2) Expanding Research Capabilities; (3) Fostering Outreach and Engagement; (4) Ensuring Workforce and Administrative Excellence; and (5) Advocating for the UT System. In June 2018, a diversity piece was added to each component. Reported items include (1) the number of participants in the Institute of Public Service's programs, (2) student enrollment, retention, and graduation, (3) faculty and staff demographics, and (4) research dollar expenditures. Federal student assistance programs, as well as other federally funded programs and activities, are monitored and evaluated by the federal agency controlling the funding.

The *Transparent UT* website (tennessee.edu/transparency) is available that allows the general public to view statistics, salaries, budgets, UT's economic impact, and links to student data including enrollment and graduation rates. As other data becomes available, links will be added to the transparency site.

The campus and institute Equity and Diversity Officers meet monthly with the System Chief Inclusion Strategy Officer. In addition to updates and training, the officers discuss and evaluate the University's non-discrimination efforts and compliance, including Title VI compliance.

Each year, the Board of Trustees is presented information regarding the student population, retention, and graduation rates. The Board of Trustees are also presented with workforce information.

The University of Tennessee did not receive any notification of Title VI Compliance deficiencies.

System-wide Policy: HR0220 - Equal Employment Opportunity	
Version: 12	Effective Date: 06/20/2019

HR0220 – Equal Employment Opportunity

Topics:

[Procedures](#)

Objective:

To state the university policy concerning fair employment practices, which is designed to promote equal employment opportunity for all university employees and applicants for employment.

Policy:

1. It is the policy of the University of Tennessee not to discriminate against any employee or applicant for employment because of race, color, religion, sex, marital status, parental status, sexual orientation, gender identity, national origin, disability, age, genetic information, veteran status, or any other characteristic protected by federal or state law. University policy also prohibits harassment based on such characteristics. See Human Resources Policy, [HR0280 - Sexual Harassment & Other Discriminatory Harassment](#)[HR0280 - Sexual Harassment & Other Discriminatory Harassment](#). This policy extends to recruitment, the interview process, employment, hiring, promotion, demotion, transfer, layoff, termination, compensation, training, benefits, the performance review process and all other terms and conditions of employment.
2. In accordance with Executive Order 11246, which is applicable to the university as a federal contractor, the university will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, marital status, parental status, sexual orientation, gender identity, national origin, disability, age, genetic information, veteran status or any other characteristic protected by federal or state law.

System-wide Policy: HR0220 - Equal Employment Opportunity	
Version: 12	Effective Date: 06/20/2019

3. Reasonable accommodations will be made for otherwise qualified disabled veterans and persons with disabilities in accordance with the Uniformed Services Employment and Reemployment Rights Act, the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990. Requests for reasonable accommodation should be directed to the appropriate ADA Coordinator.
4. Retaliation is an act or attempted act taken because of a person's participation in a protected activity (e.g., making or supporting a complaint of discrimination) that would discourage a reasonable person from engaging in protected activity. Protected activity includes a person's good faith (1) opposition to discrimination; (2) report of discrimination to the university or a state or federal agency; or (3) participation (or reasonable expectation of participation) in any manner in an investigation of discrimination or a proceeding related to discrimination. Retaliation is a violation of this policy regardless of whether the reported violation of this policy is ultimately found to have merit. Retaliation should be reported in the same manner in which discrimination is reported under this policy. When the university receives notice of alleged retaliation, the university will take immediate and appropriate steps to investigate the alleged retaliation. The university will take strong responsive action if it determines that retaliation occurred, which may include disciplinary action, up to and including termination of employment against the retaliator. The university will investigate and resolve reports of retaliation in the same manner in which it handles reports of discrimination under this policy. It is the university's goal and policy to prevent and/or stop acts of retaliation before they rise to the level of violating state or federal law.
5. The University will implement Affirmative Action Plans, available portions of which will be shared with employees upon request.
6. The university will not deny alternative job assignments, modified duties, or other accommodations to employees who are unable to perform some of their job duties because of sex, which includes pregnancy, childbirth, and related medical conditions.

System-wide Policy: HR0220 - Equal Employment Opportunity	
Version: 12	Effective Date: 06/20/2019

7. Each campus or institute will provide a procedure for filing complaints about violations of this policy. An employee who has a complaint about discrimination or retaliation prohibited by this policy should follow the applicable internal complaint procedure. An employee who has a complaint about sexual or other discriminatory harassment should follow the complaint procedures described in Human Resources Policy, [HR0280 - Sexual Harassment & Other Discriminatory Harassment](#) HR0280 - Sexual Harassment & Other Discriminatory Harassment.
8. This policy shall not be construed to: (1) confer eligibility for employment benefits for which an employee is not otherwise eligible under state law, policy, or practice as the same may be modified by federal law; (2) infringe upon the free exchange of ideas essential to the academic environment; (3) limit the free exercise of religion; (4) establish a duty to engage in affirmative action measures for characteristics not subject to affirmative action under state or federal law; (5) require the compliance of external entities or individuals or compliance of university programs governed by external government agencies in which non-discrimination does not include certain personal characteristics (e.g., ROTC); or (6) create any cause of action not currently provided by state or federal law.

HR0280 – Sexual Harassment & Other Discriminatory Harassment

Topics:

[Procedures](#)

Objective:

To state university policy prohibiting all employees from engaging in sexual harassment, other discriminatory harassment, and retaliation, and to inform members of the university community about how to complain about and to report potential violations of this policy.

Policy:

1. Introduction

The university is committed to an environment that recognizes the worth and dignity of every person while striving to foster tolerance, sensitivity, and mutual respect. The university therefore prohibits employees from engaging in acts of harassment on the basis of sex, which includes harassment based on gender, pregnancy, sexual orientation, and gender identity, as required by state or federal law. The university further prohibits discriminatory harassment based on race, color, religion, national origin, age, disability, genetic information, veteran status, and any other category protected by federal or state law. Employees are prohibited from engaging in sexual and other discriminatory harassment, regardless of whether such conduct is directed at another employee, a student, a vendor, or a visitor to campus.

Not every action or utterance that may be perceived as offensive will violate this policy. Nevertheless, some inappropriate conduct and actions based on sex or other protected characteristics and/or retaliatory acts may violate this policy even if not severe or pervasive enough to violate state or federal law. Whether the alleged conduct violates this policy may depend on the context and other relevant circumstances.

System-wide Policy: HR0280 - Sexual Harassment & Other Discriminatory Harassment	
Version: 1	Effective Date: 10/01/2017

Rude, inappropriate, or offensive behavior by employees that is not based on sex or other characteristics protected under state or federal law should be addressed by the appropriate supervisor or through appropriate administrative channels, and in accordance with any other applicable policies, including but not limited to, Human Resources Policies, [HR0580, Code of Conduct](#) and [HR0525, Disciplinary Action](#).

The university will not tolerate sexual harassment or other discriminatory harassment of employees or students by vendors or campus visitors. The manner in which the university will respond to a report of such harassment will depend on the circumstances involved, including the university's ability to investigate and, if necessary, implement corrective action.

2. Freedom of Speech and Academic Freedom

This policy is not intended, and will not be used, to infringe on expression protected by the First Amendment, even though such expression may be offensive or unpleasant.

3. Definitions of Sexual Harassment and Other Discriminatory Harassment

Sexual Harassment

With respect to conduct directed at another employee, sexual harassment means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, which includes conduct based on gender, pregnancy, sexual orientation, and gender identity, regardless of whether those characteristics receive protected treatment under state or federal law, when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting that individual; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, abusive, or offensive working environment.

System-wide Policy: HR0280 - Sexual Harassment & Other Discriminatory Harassment	
Version: 1	Effective Date: 10/01/2017

With respect to conduct directed toward a student, sexual harassment means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's participation in an educational program; (2) submission to or rejection of such conduct by an individual is used as the basis for evaluation or advancement in an education program; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's educational performance or creates an intimidating, hostile, or offensive educational environment.

Sexual harassment is not limited to personal interactions, but can occur via telephone, texting, social media, the internet, and other methods of communication.

Examples of conduct that may constitute sexual harassment include, but are not limited to, the following:

- Comments (either oral or written, including electronic correspondence, social media, etc.) of a sexual nature (which normally will not include matters appropriate to discuss as part of university academic activity, such as courses, colloquia, seminars, lectures, etc.);
- Statements, questions, jokes, or stories of a sexual nature;
- Touching, hugging, patting a person's body;
- Disparaging remarks, gestures about sexual activity, experience, gender, or sexual orientation;
- Sexual propositions, invitations, solicitations, flirtations;
- Requests (either explicit or implicit) of a sexual nature as a term or condition of employment or academic status;
- Repeated requests for dates after refusal;
- Rape, attempted rape, or other sexual assault.

System-wide Policy:	
HR0280 - Sexual Harassment & Other Discriminatory Harassment	
Version: 1	Effective Date: 10/01/2017

Other Discriminatory Harassment

With respect to conduct directed at an employee, other discriminatory harassment means unwelcome conduct based on race, color, religion, national origin, age, disability, genetic information, veteran status, and any other category protected by federal or state law that has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, abusive, or offensive working environment.

With respect to conduct directed toward a student, other discriminatory harassment means unwelcome conduct based on race, color, religion, national origin, age, disability, genetic information, veteran status, and any other category protected by federal or state law that has the purpose or effect of unreasonably interfering with an individual's educational performance or creates an intimidating, hostile, or offensive educational environment.

Discriminatory harassment is not limited to personal interactions, but can occur via telephone, texting, social media, the internet, and other methods of communication.

Examples of conduct that may constitute discriminatory harassment include, but are not limited to, the following:

- Comments (either oral or written, including electronic correspondence, social media, etc.) based on race, color, religion, national origin, age, disability, veteran status;
- Racial or ethnic slurs, statements, questions, jokes, or stories;
- Disparaging remarks, gestures based on race, ethnicity, or religion;
- Offensive graffiti, cartoons, pictures based on race, ethnicity, or religion;
- Offensive remarks about a person's age.

System-wide Policy: HR0280 - Sexual Harassment & Other Discriminatory Harassment	
Version: 1	Effective Date: 10/01/2017

4. Context of Conduct

When determining whether conduct constitutes sexual or other discriminatory harassment, the university will view the conduct objectively and will consider the totality of the circumstances, including the nature, context (particularly whether it occurred in an academic setting or in connection with pedagogical activity), severity, and frequency of the conduct. Depending on the severity of the conduct, a single incident may be considered sexual or other discriminatory harassment.

5. Protection Against Retaliation

Retaliation is an act or attempted act taken because of a person's participating in a protected activity (e.g., making or supporting a complaint of sexual or other discriminatory harassment) that would discourage a reasonable person from engaging in protected activity. Protected activity includes a person's good faith (1) opposition to sexual or other discriminatory harassment; (2) report of sexual or other discriminatory harassment to the university or a state or federal agency; or (3) participation (or reasonable expectation of participation) in any manner in an investigation or related proceeding.

Retaliation is a violation of this policy regardless of whether the underlying violation of this policy is ultimately found to have merit. Retaliation should be reported in the same manner in which sexual and other discriminatory harassment is reported under this policy.

When the university receives notice of alleged retaliation, the university will take immediate and appropriate steps to investigate the alleged retaliation. The university will take strong responsive action if it determines that retaliation occurred, which may include disciplinary action, up to and including termination of employment. The university generally will investigate and resolve reports of retaliation in the same manner in which it handles reports of sexual and discriminatory harassment under this policy.

System-wide Policy: HR0280 - Sexual Harassment & Other Discriminatory Harassment	
Version: 1	Effective Date: 10/01/2017

6. Complaint and Reporting Procedures

The university encourages individuals who believe they have been subjected to an incident of sexual harassment, other discriminatory harassment, or retaliation to make a prompt complaint, either formally in writing or informally (i.e., verbally and not in writing).

Employees who learn of sexual harassment, other discriminatory harassment, or retaliation (by means of a complaint, report, personal observation, or otherwise) are either required or encouraged to report such conduct in accordance with the policies and procedures set forth below.

Filing a Complaint/Reporting Sexual Harassment

Complaints of sexual harassment (including sexual assault, relationship violence, stalking, and retaliation related to such matters) should be made in accordance with the applicable campus Policy on Sexual Misconduct, Relationship Violence, and Stalking.

The applicable campus Policy on Sexual Misconduct, Relationship Violence, and Stalking establishes the reporting obligations of employees, including supervisors, who learn of sexual harassment.

Complaints and Reports Involving High Level Administrators and Employees with a Conflict of Interest

If a person wishes to make a complaint or report of sexual harassment, other discriminatory harassment, or retaliation against a high level administrator or someone who is reasonably believed to have a conflict of interest with receiving a particular complaint or report (such as a Title IX Coordinator or Office of Equity and Diversity employee), that complaint or report may be directed to the President, appropriate Chancellor, or Vice President for Human Resources, who will appoint an appropriate person to address the complaint or report.

Confidentiality

The university will handle complaints and reports of sexual and other discriminatory harassment as confidentially as possible, but due to the need to conduct a thorough and effective investigation and to comply with federal and state civil rights laws, complete confidentiality cannot be guaranteed. In addition, the university may need to release certain documents in response to a public records request.

In the case of a sexual harassment complaint or report, if the complainant wishes to maintain confidentiality or requests that no investigation be conducted, or no disciplinary action be taken, the university will seriously weigh that request against the University's obligation to provide a non-discriminatory environment for all members of the university

System-wide Policy: HR0280 - Sexual Harassment & Other Discriminatory Harassment	
Version: 1	Effective Date: 10/01/2017

community, including the complainant, consistently with the applicable campus Policy on Sexual Misconduct, Relationship Violence, and Stalking.

7. Corrective and Disciplinary Action

The university will take action to prevent sexual harassment, other discriminatory harassment, and retaliation, and where appropriate, the university will take corrective or remedial action.

When it has been determined that an employee has violated this policy, the employee is subject to disciplinary action, up to and including, without limitation, termination, demotion, suspension without pay, and/or oral or written corrective action. A faculty member's violation of this policy may constitute "adequate cause" (Category B - Misconduct) for disciplinary action or termination pursuant to Board of Trustees Policies Governing Academic Freedom, Responsibility, and Tenure. When the person found to have violated this policy is not an employee, the university's corrective action will vary based on the university's ability to implement corrective action.

This policy supplements, but does not replace, other University policies prohibiting discrimination and inappropriate conduct, including Human Resources Policies [HR0220 - Equal Employment Opportunity](#), [HR0580 - Code of Conduct](#), and [HR0525 - Disciplinary Action](#).

8. Training

Each campus or unit is responsible for training employees on preventing sexual harassment, other discriminatory harassment, and retaliation. Training should include an explanation of campus or unit policies and procedures for handling complaints of sexual harassment, other discriminatory harassment, and retaliation.

THE UNIVERSITY OF TENNESSEE, KNOXVILLE

YOUR RIGHTS
UNDER TITLE VI
OF THE CIVIL
RIGHTS ACT OF
1964

YOUR RIGHTS UNDER TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

"No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance."

WHAT IS TITLE VI?

Title VI of the Civil Rights Act of 1964 is the federal law that protects individuals from discrimination on the basis of their race, color, or national origin in programs that receive federal financial assistance.

WHAT PROGRAMS ARE COVERED BY TITLE VI?

Approximately 30 federal agencies provide federal financial assistance in the form of funds, training, technical, and other assistance to state and local governments, and nonprofit and private organizations. These recipients of federal assistance, in turn, operate programs and deliver benefits and services to individuals (known as "beneficiaries") to achieve the goals of the federal legislation that authorizes the programs.

Federally assisted programs address such broad and diverse areas as

- Elementary, secondary, and higher education
- Health care, social services, and public welfare
- Public transportation
- Parks and recreation
- Natural resources and the environment
- Employment and job training
- Housing and community development
- Law enforcement and the administration of justice
- Agriculture and nutrition

WHAT DISCRIMINATION IS PROHIBITED BY TITLE VI?

There are many forms of illegal discrimination based on race, color, or national origin that can limit the opportunity

of minorities to gain equal access to services and programs. Among other things, in operating a federally assisted program, a recipient cannot do the following, on the basis of race, color, or national origin, either directly or through contractual means:

- Deny programs services, aids, or benefits;
- Provide a different service, aid, or benefit, or provide them in a manner different than they are provided to others; or
- Segregate or separately treat individuals in any matter related to the receipt of any service, aid, or benefit.

HOW CAN I FILE A DISCRIMINATION COMPLAINT?

Each agency that receives or provides federal financial assistance is responsible for investigating complaints of discrimination on the basis of race, color, or national origin in the use of its funds. If you believe that you or others protected by Title VI have been discriminated against, you should file a complaint with the University of Tennessee campus or unit that provides funds for the program where you believe the discrimination occurred.

Each UT campus and unit has a complaint procedure and a Title VI Coordinator responsible for investigating all Title VI complaints. Please contact the Title VI Coordinator (located to the right) as appropriate for your location.

A signed, written complaint should be filed with the University of Tennessee generally within 300 days of the date of the alleged discrimination. A written complaint should include the following:

- Your name, address, telephone number, and signature.
- The name and address of the program or department you believe discriminated against you.
- How, why, and when you believe you were discriminated against, and the names of those involved, if known. Include as much background

information as possible about the alleged acts of discrimination.

- The names of any persons that the coordinator could contact for additional information to support or clarify your allegations.

WHAT WILL THE UNIVERSITY OF TENNESSEE DO WITH MY COMPLAINT?

Once a complaint is filed, it will be reviewed by the Title VI Coordinator to determine if the issues you have raised are valid under Title VI. The procedures of each campus/unit may differ slightly, but the Title VI Coordinator generally will investigate your allegations and attempt to resolve any violations found.

WHAT IF THE RECIPIENT RETALIATES AGAINST ME FOR ASSERTING MY RIGHTS OR FILING A COMPLAINT?

You should be aware that a recipient, including the University of Tennessee, is prohibited from retaliating against you or any person because he or she opposed an unlawful policy or practice, or made charges, testified, or participated in any complaint action under Title VI. If you believe that you have been retaliated against, you should immediately contact your campus/unit Title VI

SUS DERECHOS BAJO EL TÍTULO VI DE LA LEY DE DERECHOS CIVILES DE 1964

“Ninguna persona que se encuentre en los Estados Unidos deberá ser excluida de ningún programa o actividad apoyada por fondos federales debido a su raza, color o nacionalidad. No se le negará su participación en dichos programas o actividades, ni los beneficios correspondientes por participar en ellos, tampoco se le discriminará.”

¿QUÉ ES EL TÍTULO SEXTO?

El Título Sexto de los Derechos Civiles de 1964 es una ley federal que ampara al individuo contra la discriminación basada en raza, color o nacionalidad en programas que reciban ayuda federal financiera.

¿QUÉ PROGRAMAS ABARCA EL TÍTULO SEXTO?

Aproximadamente, 30 agencias federales proveen de ayuda financiera federal, en forma de fondos, entrenamiento técnico y otros tipos de asistencia a gobiernos estatales y locales, así como organismos no-lucrativos y privados. Estos recipientes de ayuda federal, a su vez, mantienen programas y proveen beneficios y servicios a los individuos (conocidos como “beneficiarios”) a fin de llevar a cabo y alcanzar las metas propuestas por la ley federal.

Los programas que se benefician de asistencia federal abarcan un amplio y diverso campo, por ejemplo:

- educación elemental, secundaria y universitaria
- salud, servicios sociales y de bienestar público
- transporte público
- parques y recreación
- recursos naturales y medio ambiente
- empleo y capacitación para empleos
- vivienda y desarrollo de la comunidad
- aplicación de la ley y administración de justicia
- agricultura y nutrición

¿QUÉ FORMAS DE DISCRIMINACIÓN PROHIBE EL TÍTULO SEXTO?

Existen diferentes formas de discriminación basadas en criterios de raza, color u origen nacional que pueden limitar

las oportunidades para que los grupos minoritarios tengan igualdad de derechos y acceso a servicios y programas.

Un recipiente de fondos federales no debe, en base a raza, color u origen nacional, directamente o a través de contratos:

- negar servicios, ayuda o beneficios
- ofrecer servicios, ayuda o beneficios distintos a los que se ofrecen a todos los demás
- segregar o tratar separadamente a un grupo de individuos que reciban servicios, asistencia o beneficios.

¿CÓMO SOMETO UNA QUEJA DE DISCRIMINACIÓN?

Las agencias que reciben o proveen fondos federales se encargan de investigar las quejas de discriminación en el uso de sus fondos, basadas en raza, color u origen nacional. Si Ud. o algún conocido ha sido discriminado/a someta una queja en contra de la universidad o facultad responsable.

En cada centro universitario existen procedimientos para la sumisión de quejas, y existe un Coordinador/a del Título Sexto responsable de investigar casos de discriminación.

Contacte al coordinador correspondiente a su ubicación (ver columna izquierda):

Ud. dispone de 300 días, desde la fecha en que fue discriminado/a, para someter su queja por escrito y firmada.

Su queja firmada debería incluir:

- Su nombre, dirección, número de teléfono y su firma.
- El nombre y dirección del programa o facultad que le haya discriminado.
- La razón, manera y hora en que sucedió la discriminación, además del nombre de las personas involucradas, si lo sabe. Incluya toda la información que disponga con respecto a su queja.
- Nombres de personas que le puedan ser útiles al Coordinador a fin de investigar su caso.

Cada centro universitario dispone de procedimientos que varían un poco entre sí, pero el Coordinador del Título Sexto, por lo general, investigará su queja e intentará resolver cualquier caso de abuso.

¿QUÉ SUCEDERÍA SI EL RECIPIENTE DECIDIERA TOMAR REPRESALIAS CONTRA MÍ POR EJERCER MI DERECHO DE SOMETER UNA QUEJA?

Ud. debe saber que quien es reportado en la queja incluyendo a La Universidad de Tennessee, tiene prohibido tomar represalias contra usted o cualquier persona porque ésta se oponga a una práctica ilegal, se queje o presente una demanda bajo el amparo del Título Sexto u ofrezca testimonio. Si se considera apropiado un comité de investigación, el/la directora(a) de Equidad e Inclusión le pedirá al canciller / vicedirector / vicepresidente o al presidente correspondiente (en caso de que se presente la queja contra un canciller / vicedirector / vicepresidente) nombrar a los miembros de dicho comité. El/la directora(a) de Equidad e Inclusión puede ayudar al administrador apropiado a designar a los miembros del comité.

Si se considera apropiado un comité de investigación, el/la directora(a) de Equidad e Inclusión le pedirá al canciller / vicedirector / vicepresidente o al presidente correspondiente (en caso de que se presente la queja contra un canciller / vicedirector / vicepresidente) nombrar a los miembros de dicho comité. El Director de Equidad e Inclusión puede ayudar al administrador apropiado a designar a los miembros del comité.

El comité de investigación, o el/la directora(a) de Equidad e Inclusión, si no hay un comité de investigación, hará constataciones de hecho y determinará si existe evidencia suficiente para respaldar un cargo de discriminación. Esos hallazgos, junto con una declaración que describe la base para ellos, serán transmitidos por el/la directora(a) de Equidad e Inclusión al administrador apropiado. Una copia también estará disponible para el demandante.

El vicedirector apropiado o el canciller revisarán los hallazgos, tomarán una decisión y notificarán al reclamante por escrito. Requisitos de vacunación de la University of Tennessee Southern

Formulario de hepatitis B

Este formulario es obligatorio para todos los estudiantes.

La hepatitis B es una enfermedad grave que afecta el hígado y puede provocar una infección de por vida, cirrosis (cicatrización) del hígado, cáncer de hígado, insuficiencia hepática e incluso la muerte. La enfermedad se presenta tanto de forma aguda como crónica. En cualquier caso, una infección por hepatitis B puede pasar completamente desapercibida. Sin embargo, el virus de la hepatitis B es entre 50 y 100 veces más infeccioso que el VIH. La infección se puede prevenir mediante la vacunación.

Los síntomas de la hepatitis B pueden parecerse a los de la gripe y pueden incluir fiebre, pérdida de apetito, poca energía, dolor en las articulaciones, calambres o náuseas y vómitos, así como ictericia (piel u ojos amarillos). Sin embargo, en aproximadamente el 30 % de los casos, la hepatitis B no causa síntomas. Aproximadamente un millón de personas son portadoras crónicas de la enfermedad, lo que significa que no tienen síntomas y pueden no saber que están infectadas, pero aún así son capaces de transmitir la enfermedad a otros. No hay cura para la hepatitis B.

La hepatitis B es contagiosa y se propaga cuando la sangre u otros fluidos corporales de una persona con el virus son absorbidos por el torrente sanguíneo de un individuo a través de la piel o las membranas mucosas rotas. El virus puede vivir en todos los fluidos corporales, inclusive la sangre, la saliva, el semen y los fluidos vaginales. Puede entrar en el cuerpo a través de cortes o abrasiones en la piel y a través de las membranas mucosas de la boca, la vagina, el ano y los ojos. La hepatitis B puede transmitirse a través del contacto sexual; durante la práctica de deportes de contacto; al ayudar a alguien herido; al compartir maquinillas de afeitar, cepillos de dientes, pendientes perforados o parafernalia de drogas inyectables, o al hacerse un tatuaje o una perforación corporal con instrumentos no esterilizados. Cualquier persona que entre en contacto con sangre o fluidos corporales de una persona infectada corre el riesgo de contraer la hepatitis B.

Los estudiantes universitarios pueden tener un mayor riesgo de contraer la hepatitis B. La tasa más alta de esta enfermedad se da en individuos de entre 20 y 49 años. Vivir en espacios reducidos, como una residencia universitaria, puede aumentar el riesgo de exposición a los portadores. Los estudiantes universitarios pueden estar expuestos al virus durante el contacto sexual, al hacerse una perforación corporal o un tatuaje, al compartir agujas o navajas de afeitar, durante los deportes de contacto y mediante otros comportamientos de alto riesgo. Los estudiantes de los programas de Ciencias de la Salud pueden estar expuestos a fluidos corporales o tejidos de pacientes con infección por hepatitis B y pueden tener un mayor riesgo de contraerla.

La vacuna contra la hepatitis B es segura y eficaz. No se puede contraer la enfermedad por la vacuna. La vacunación requiere una serie de tres vacunas en un periodo de seis meses. La vacuna protege al 96 % de las personas que completan la serie de tres vacunas. Los Centros para el Control y la Prevención de Enfermedades (CDC) de EE. UU. recomiendan la vacunación de todas las personas menores de 18 años. La Asociación Estadounidense de Salud Universitaria ("American College Health Association" o ACHA) recomienda que todos los estudiantes universitarios se vacunen. Las vacunas contra la hepatitis B pueden obtenerse de su médico particular o de su centro de salud pública.

He recibido información detallada sobre los factores de riesgo de la infección por hepatitis B y sobre la disponibilidad y eficacia de la vacuna para las personas con riesgo de contraer la enfermedad.

He recibido y revisado la información, y he decidido:

☐ vacunarme (o ya lo estoy)

☐ no vacunarme

Title VI

1. Title VI

1.1 Intro

1.2 Training Purpose

Training Purpose

The purpose of the Title VI training course is to ensure all University employees, contractors, sub-recipients, and service recipients are aware of their rights and responsibilities under Title VI of the Civil Rights Act of 1964. Federal and state regulations require agencies such as UT to provide Title VI training for faculty and staff to ensure effective enforcement and to develop awareness and sensitivity in carrying out federally funded programs.

1.3 Course Objectives

Course Objectives

- ✓ Define Title VI of the Civil Rights Act of 1964
- ✓ Explain UT's Title VI obligations
- ✓ Present examples of discriminatory practices
- ✓ Define Limited English Proficiency
- ✓ Explain complaint procedures and prohibition on retaliation

1.4 Title VI

Title VI of the Civil Rights Act of 1964

"No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."
42 U.S.C. § 2000d

The University of Tennessee receives Federal financial assistance and is, therefore, covered by Title VI.

1.5 Federal Financial Assistance

Federal Financial Assistance

Approximately 30 federal agencies provide Federal financial assistance (FFA) in the form of funds, training, and technical assistance to state and local governments, and nonprofit and private organizations. Federally assisted programs address such broad and diverse areas as:

- Elementary, secondary, and higher education
- Health care, social services, and public welfare
- Public transportation
- Parks and recreation
- Natural resources and the environment
- Employment and job training
- Housing and community development
- Law enforcement and the administration of justice
- Agriculture and nutrition

1.6 Three Protected Characteristics

Three Protected Characteristics:

- **Race** - Typically White, Black or African-American, Hispanic or Latino, Native Hawaiian or Pacific Islander, Asian, Native American or Alaska Native.
- **Color** - Human skin color or complexion.
- **National Origin** - An individual's place of birth, origin, or ancestry: includes physical, cultural, or linguistic characteristics of a group or ethnicity of people. National origin does not equal citizenship.

Important to Know: Title VI discrimination can include discrimination based on the race, color, or national origin of a complainant's family member or someone with whom the complainant is associated, and can also occur when the victim and perpetrator are of the same race/color/national origin.

1.7 Title VI at UT

Title VI at UT

Title VI covers services by UT that are available to the public:

- Clinical services (law clinic, medical or dental clinics, veterinary clinic)
- Student services, including admissions and housing
- Public events (sports, theater, public speakers)
- Services available to the public (camps, UT Extension programs and product sales)

1.8 Key Definitions

Key Definitions

Recipient - Primary recipients include state entities (such as UT) required or authorized to extend FFA to another recipient or sub-recipient for the purpose of carrying out a program.

Sub-recipient: Any entity or individual that receives FFA from a primary recipient (such as UT) to carry out a program. Sometimes assistance is distributed to an ultimate beneficiary.

Contractor - Any entity or individual who provides any function or service that requires the performance or delivery of assistance to beneficiaries under the terms of a contract with a state entity.

Beneficiaries - Individuals and/or entities that directly or indirectly receive an advantage through the operation of a Federal program.

1.9 Sub-recipient Requirements

Sub-recipient Requirements

To comply with Title VI, sub-recipients must...

1. Appoint a Title VI Coordinator
2. Obtain Title VI training
3. Provide Title VI training for employees
4. Develop a Title VI policy statement and post it in visible areas
5. Acquire signed Title VI assurances
6. Monitor ethnicity of sub-recipients and beneficiaries
7. Include Title VI assurances in all contracts

1.10 Discriminatory Practices

Discriminatory Practices

Discriminatory practices include Prohibited Acts, Problematic Behaviors, Disparate Treatment/Impact, Language Discrimination, Retaliation, and Employment Discrimination.

Prohibited Acts:

- Denying services, opportunities or benefits to individuals who are qualified
- Providing services in a different manner because of race, color, or national origin
- Segregating service recipients based on race, color, or national origin
- Restricting access to program services because of race, color, or national origin
- Limiting participation in any way based on race, color, or national origin

1.11 Problematic Behaviors

Problematic Behaviors:

- Offensive language or jokes
- Failure to provide interpreters to non-English speakers seeking services
- Unexplained denials of services or unclear explanations
- Preferential treatment for non-minority or English-speaking beneficiaries
- Stereotypes based on race or national origin (e.g., Middle Eastern, Latin, Asian)
- Failing to respond to a claim of discrimination

Disparate Treatment/Impact

Disparate treatment means intentional discrimination against an individual. Disparate impact means discrimination that occurs as a result of a neutral policy which appears harmless on the surface but which negatively affects a group of people.

1.12 Language Discrimination

Language Discrimination

Title VI requires recipients (such as UT) to provide language assistance to ensure meaningful access to its programs and activities for Limited English Proficiency (LEP) persons who do not speak English as a primary language and are limited in the ability to read, speak, write or understand English. Failure to assist LEP individuals could constitute national origin discrimination in violation of Title VI.

The top 5 languages other than English in Tennessee are (in order): Spanish, Chinese, Arabic, Vietnamese, and Native African languages.

1.13 Retaliation

Retaliation

Retaliation occurs when someone intimidates, threatens, coerces, or discriminates against an individual either in order to interfere with rights or privileges protected by Title VI, or because the person complained, testified, or participated in an investigation or proceeding under Title VI.

Employment Discrimination

Title VI is not the primary federal statute for prohibiting employment discrimination, which is covered by Title VII. However, employment discrimination claims under Title VI are permitted against recipients if a "primary objective" of the Federal financial assistance received by recipient is to promote employment (e.g. employment assistance or vocational training grants).

1.14 Title VI Compliance

Title VI Compliance Program

In 1993, Tennessee became the first state to enforce Title VI compliance for all of its departments, programs, and agencies. The Tennessee Human Rights Commission (THRC) enforces Title VI compliance for the State of Tennessee and all state agencies, including UT.

Tennessee Code Annotated § 4-21-904

It is a discriminatory practice for any state agency receiving federal funds subject to Title VI of the Civil Rights Act of 1964, or for any person receiving such federal funds from a state agency, to exclude a person from participation in, deny benefits to a person, or to subject a person to discrimination under any program or activity receiving such funds, on the basis of race, color, or national origin.

1.15 Complaint Procedures

Complaint Procedures

Individuals who wish to file a complaint of Title VI discrimination can do so within 180 days of the date of the discriminatory act. Complaints are not required to be on a particular form, but they must be in writing and signed.

Individuals may file a Title VI complaint with the Office of Equity and Diversity or Inclusion (OED/OEI) on their campus (Knoxville area, Chattanooga, Memphis, Martin, Tullahoma). Each campus/area has a Title VI Coordinator who is responsible for investigating Title VI complaints. Each campus OED/OEI office also has a web page with complaint procedures and can provide brochures in English and Spanish explaining complaint procedures. Complainants may also file a complaint with the Tennessee Human Rights Commission or the U.S. Department of Justice.

1.16 Tennessee Human Rights

Tennessee Human Rights Commission

The THRC is responsible for reviewing Title VI monitoring and enforcement procedures and periodically auditing, reviewing, evaluating and reporting on Title VI compliance efforts for each state agency. Recipients (such as UT) must audit, review, evaluate and report on Title VI compliance efforts and outcomes of all its sub-recipients and beneficiaries of federal funds.

Annual Title VI Reports are located at:

<https://equity.tennessee.edu/title-vi/>

Campus Equity and Diversity or Inclusion Offices are listed at:

<https://equity.tennessee.edu/campus-offices/>

Notes:

1.17 Translation Services

Translation Services

Ask your campus OED/OEI office for a language card that can help you determine an LEP person's primary language.

UT may obtain language interpretation or translation services through a company called Avaza. See www.avaza.co for more information.

UT may also use its foreign language students and faculty to provide language interpretation or document translation services.
